

# ST-2090D

## Multifunctional Soldering Station

### Features:

- 80W soldering station with LED display.
- 2 in 1 design of soldering station and soldering iron stand.
- Using ceramic heater.
- Support temp lock function.
- Support °C and °F.
- Auto standy and sleep funtion, conserves energy and protect equipment.

Four core Ceramic heater HS-2065A

### Specification:

Model	ST-2090D
Voltage	110/240V AC
Power	80W
Temperature range	80°C~480°C /176°F~896°F
Temperature Stability	±2°C (in still air, no load)
Temperature unit	°C/°F
Soldering tip type	T900-B
Heater	Four core Ceramic heater HS-2065A
Package list	Main unit (including machine, power cable and handle)x1pc Soldering wire holder x 1pc      User manual x 1pc
Standard Packing	Inner box: 200x180x125(mm) N.W.: 0.7kg G.W.: 0.91kg Carton: 12PCS/carton Size: 415x375x390(mm) N.W.: 11kg G.W.: 11.8kg

Note: T900 series soldering tip details in page 29.
